

Tim was instrumental in our land purchase when we decided to expand our business to the Omaha area. Representing the seller, Tim was able to please the buyer and the seller by facilitating the sale through negotiations in a professional and timely manner. I appreciated the fact that Tim was prompt in returning our calls and responding to our questions. What I admired most about Tim was his help after the sale which saved us time and energy in completing our building project. Anyone looking to sell or buy commercial real estate would benefit by calling Tim first.
