Mike specializes in selling and leasing office space in the Omaha area. He earned a BA in Business Administration from the University of Nebraska Lincoln in 2006 and has been a licensed real estate agent in Nebraska since 2009. Mike previously sold residential real estate with NP Dodge and is a past member of the Omaha Area Board of Realtors.

Mike joined Investors Realty, Inc. in 2011. As a native of Omaha and with experience in residential real estate, Mike relates well to the personal side of finding office space for his client's businesses. He works hard to determine the needs of his owners, and tenant and buyer prospects to make sure a deal meets everyone's needs.

Currently, Mike has 22 office spaces offered for lease. In the past 2 years, Mike was successful in leasing office space totaling 666,414 square feet and \$44.4 million in value. Mike has also completed office building sales totaling 152,547 square feet with a sales value of \$22.6 million.
